

Two Best Practices as per the annexed format are attached

Best Practices-I

Title of the Practice: Creation of a Research – Oriented Environment

Goal:

- To create an environment that motivates the students as well as the faculty of the College to cultivate a research-oriented mindset.
- To inculcate within the students the ability to write research papers and take part in national level seminars and interaction sessions.
- To create an environment in the College whereby the faculties from different Colleges and Universities meet and exchange ideas.

The Context:

In the previous NAAC peer team visit, the experts recommended that the College take active part in conducting Research Seminars in the National Level. On the basis of this suggestion the College and its authorities started the preparation of organizing an ICSSR sponsored National Seminar. The Department of Sociology took the initiative to prepare the proposal and start all the necessary documentation required.

The Practice:

- To start preparation of a proposal in order to conduct a National Seminar.
- To begin the documentation process involved in the organization of the National Seminar.
- Orient the teachers and staff of the College to conduct a national level seminar.
- Start the budgetary expenses and estimate of the resources that would be needed to conduct a seminar.

Evidence of Success:

- Completion of Seminar proposal submission process.
- Completion of preparation of different sub committees for organization of the National Seminar.
- Collection of papers and articles for the Seminar.
- Active participation of the students in the process of organizing a National Seminar.

Problems Encountered/ Resources Required:

- Due to the shortage of staff members a lot of problems were encountered in terms of organization of the Seminar.
- The students were required to orient themselves in order to conduct a National event of prestige.
- Required motivation to inculcate a research-oriented mindset.

- Required human resources to complete the wide array of tasks that were involved in completion of the entire process.

Best Practice – II

Title of the Practice: Invitation of Distinguished Faculty.

Goal:

- To break monotony in the classroom.
- To encourage faculty exchange programs.
- To establish a cordial relationship between different colleges in the neighbouring areas.
- To create an innovate teaching- learning process.

The Context:

- To create a study culture among the students.
- To expose the students to a wider spectrum of knowledge.

The Practice:

- The College has conducted several MoUs with different neighbouring Colleges in order to develop a collaborative environment for teacher exchange program.
- To develop different models of teacher exchange programs whereby the students benefit from a newer approach to learning.
- Encourage all the departments to conduct inter college and inter departmental faculty exchange programs.
- Encourage and extend all help possible to promote the teaching-learning process.

Evidence of Success:

- Increased participation of students in classroom activities.
- Better performance of the students.

Problems Encountered/ Resources Required:

- Non-availability of financial resources.
- Less number of teaching faculty.
